

Goddeess Upstyle

Before

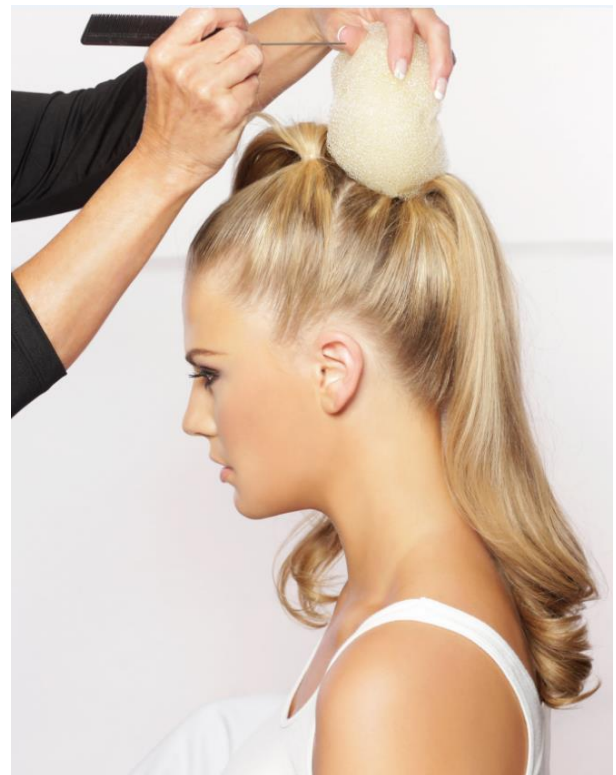

Step 1 - Create a parting from ear to ear upward towards the crown area. Isolate the hair into a high ponytail.

Step 2 - Create another ponytail behind the crown area, making sure you brush the hair upwards.

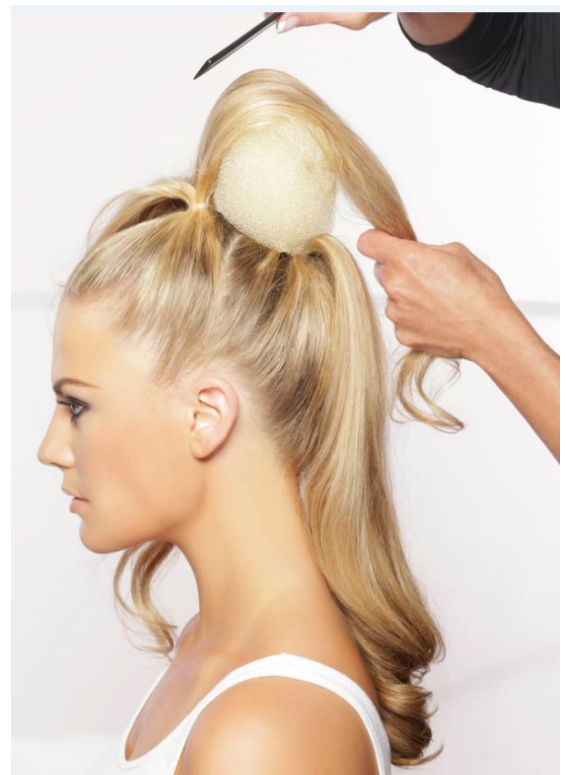

Step 3 - Insert a hair style foam between the two ponytails.

Step 4 - Divide the first ponytail into two subsections. Backcomb the first subsection to create volume.

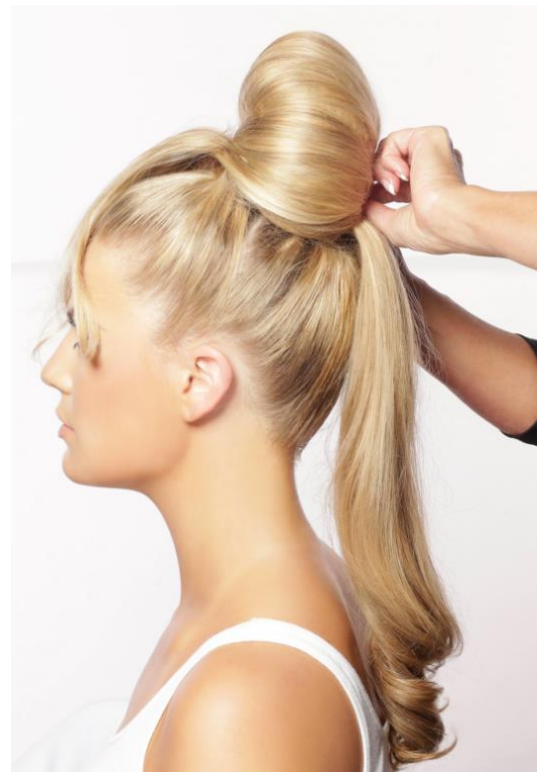

Step 5 - Place the backcombed section over the hair style foam; and using your comb smooth the top area to cover the hair style foam.

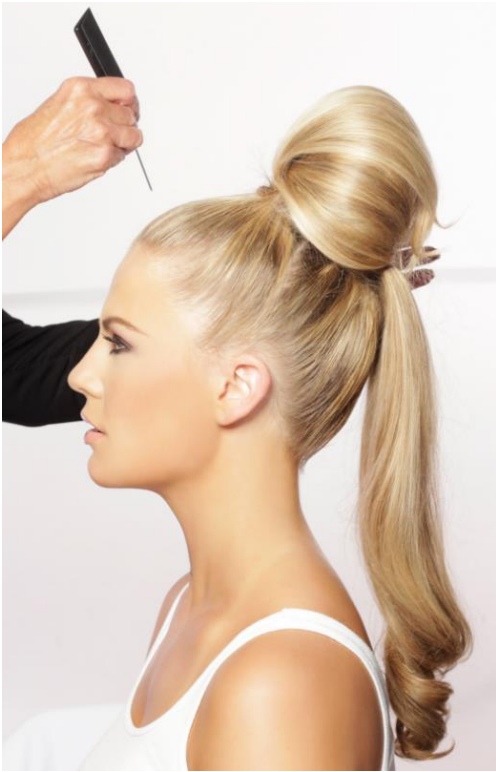

Step 6 - Secure the hair using hair pins and/or bobby pins.

Step 7 - Continue step 4 - 6 until the entire first ponytail is used to cover the hair style foam.

Step 8 - Comb the surface of the hair until a smooth finish is achieved. Use styling product as needed.

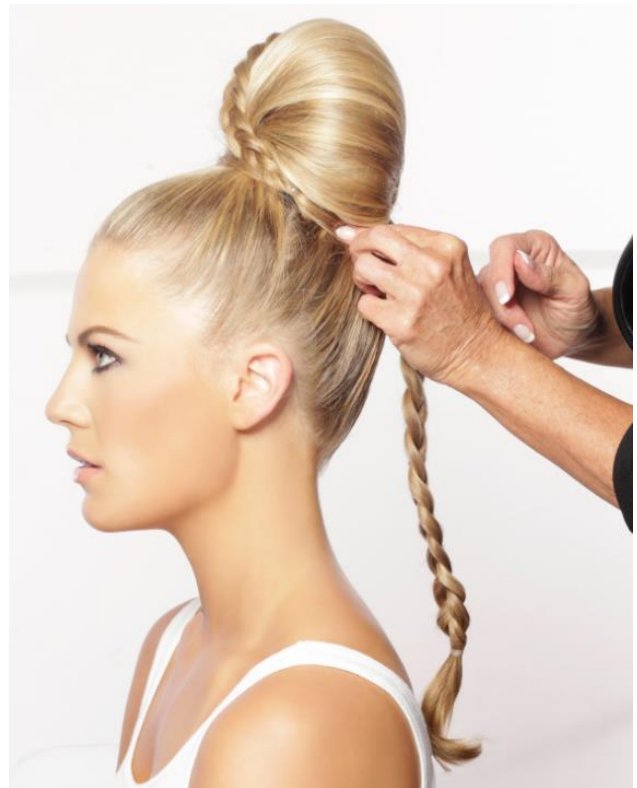

Step 9 - Create a braid using half of the second ponytail and secure with a clear elastic band.

Step 10 - Create a second braid using the other half of the ponytail and secure with a clear elastic

Step 11 - Take the first braided tail and place it over the smooth style, crossing it over on the opposite side. Secure braid using hair pins and/or bobby pins.

Step 12 - Repeat step 11 for the second braid, crossing it over in opposite direction of first braid.

Step 13 - Secure any loose areas using hair pins and/or bobby pins. Use styling product as needed.

Step 14 - Adjust braids as needed, making sure they are symmetrical.
